

Summer Retreat 2010

9 Steps to Making Your Next Bold Move

Marianne Williamson said, "Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness, that most frightens us."

Women reach a time in their lives when they start to ask, "Is this all there is? Is this what my life is going to look like?" Many women realize they have dreams they haven't explored. Life paths, they have yet to follow. Our Summer Retreat is an immersion experience, an interactive day and a half of helping you discover what's next for you and what do you need to do to get there.

How do you make a bold move? What bold move is the one meant for you to do next?
We will answer these questions and more!

Be the architect of your life.
Do it for your self.
Do it for your loved ones.
Do it so you can change the world with your unique touch and leave a legacy you are proud of.
Your unique brand of magic.

And have these conversations in our community so you can be supported, witnessed and unconditionally held as you explore what's waiting for you just around the corner.
